

FUNDING OPPORTUNITIES

A Service Provided by the Office of Faith-Based and Community Initiatives
Mitchell E. Daniels, Jr., Governor Isaac E. Randolph, Jr., Executive Director

June 2010

Greetings,

This **Funding Opportunities** listing is provided to you by the Office of Faith Based and Community Initiatives (OFBCI). The OFBCI was established by Governor Mitch Daniels with Executive Order 05-16. Indiana enjoys a rich tradition of Hoosiers working together for the common good. In that spirit, the mission of the OFBCI is to: **convene** individuals, governments, nonprofits, businesses, faith-based organizations, and philanthropies in recognizing shared concerns and acting as partners to solve public problems and create public value; **leverage** public and private resources to seed and sustain innovative and high quality local initiatives; **highlight** the good works of Hoosiers and their communities as best practices.

We believe that another important part of our mission is to share with organizations throughout the state information regarding various funding opportunities that may address a specific need. Monthly, a listing of funding opportunities will be sent to you electronically which represents notices this office has received within the last 30 days. We will make every effort to only publish available grants whose deadline is two weeks or more in the future, recognizing that it takes substantial staff time to develop successful grants. We hope that you will use this listing to further your mission and will let us know if you are successful in securing additional resources.

Isaac E. Randolph, Jr.
Executive Director
Office of Faith-Based and Community Initiatives
